

Big Predators!

Auburn Public Library | Tuesday August 14th 3:00 – 3:45 pm | Ages 6 and older

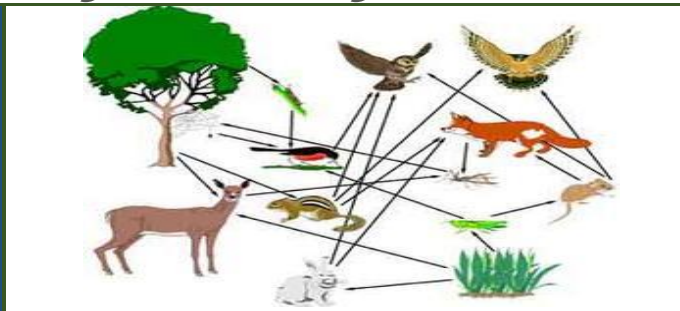

Join Heather from *Hands on Nature*

*Learn about big predators, such as bears, coyotes, wolves and mountain lions! * Learn which large wild predators are left in MA and which have been extirpated. *Understand food chains and what is meant by ‘survival of the fittest’. *Learn about the decline of big predators over the past century, and about the possibility of their return.

Includes a fun predator/prey activity and a take-home ‘big predator’!
