

## The Auburn Public Library Partners with the Biomes Marine Biology Center

Are you an adult over age 18, interested in the  
fascinating marine life found close by in Narragansett Bay?

If you are curious and would like to socialize with other adults while learning more about marine life, join us as knowledgeable educators from the Biomes Marine Biology Research Center visit the Auburn Public Library, bringing a variety of the unique and interesting animals found in nearby Narragansett Bay.

You will meet the hilarious and amazing puffer fish, the beautiful little seahorse,  
and even pet an adorable little shark!

*This program has been customized for ADULTS - age 18 and older please*

Some live animals may include: sea horse, toadfish, pufferfish, oyster, periwinkle, shark,  
butterflyfish, oyster drill, sea cucumber, pipefish, and others!

**This program is funded from the Norma Card Trust**
