

# Auburn Public Library *presents*

## *Rocket Building*

### *Explore the components of rocketry!*

Participants are provided with valuable hands-on experience as they build a functional model rocket.

As they move through the various stages of construction, children learn the components of a rocket, and the roles each plays in a rocket's flight.

*All children construct and take home the rocket they have built!*

**When**

Thursday April 19<sup>th</sup>  
2:00pm – 3:00pm

**Where**

Auburn Public Library  
Merriam Room

**Age**

Grades 2 and up
