

Biomes Marine Biology Center *visits* The Auburn Public Library

Skates, Sharks, and Rays

Join representatives from Biomes Marine Biology Center in Rhode Island as they present live ocean animals from the Center and discuss:

- What are the differences between skates and rays?
- What are the habitats and characteristics of skates, sharks, and rays?
- Are rays and skates related to sharks? How dangerous are they to humans?
- What types live in New England waters?

Where

Auburn Public Library
Merriam Room
