

Make your own Soap! | **Auburn Public Library**

Join *Gariné Arakelian* from **Kulina Alchemy Folk Art Academy**

Each participant will make and bring home a ‘goldfish’ or ‘sea shells’ soap from this hands-on workshop.

This workshop is designed for adults, ages 16 and older. Each participant will make his or her own soapy creation using glycerin based soap. Colors, scents, and goldfish or sea shells will be added to your finished product.

The process does not involve traditional soap making techniques, so there is no lye exposure. Once the soap base has cooled slightly, color is added, and the decorations are embedded. Adding cosmetic grade glitter and essential oil is also an option.

Soaps are approximately 4 oz. including embedded decorations and can be unwrapped and used the following day.

Join us and socialize while learning about and creating your own unique soap!

When	Thursday, June 21 st 6:00 – 7:00pm	Registration Required
Where	Auburn Public Library Merriam Room	Register online at www.auburnlibrary.org
